IVAN M. PIRRIE, Esq., M.D., Maldon, Essex.

Chaplain.

THE REV'D. W. P. PRING.

Honorary Architects.

MESSRS. IMRIE AND ANGELL, 2, Mitre Court Chambers, Temple, E.C.4.

Sister-in-Charge.

SISTER CLARE, S.C.S.G.

Report.

THE death of our late President, Princess Christian, is deeply regretted by everyone connected with "St. Giles." Her Royal Highness always took the greatest interest in the welfare of the Homes, which she spared no effort to further, even at great personal inconvenience. Within only a few weeks of her death she issued an appeal to the public in her own name, which brought in a sum of over £700.

The Committee are very happy to announce that H.R.H. Princess Marie Louise has graciously consented to take her Mother's place as President.

The year 1923 has been one of considerable progress. A new bungalow has been built, containing accommodation for four single patients, and also an admirable cottage in which the Chaplain, Father Pring, is now comfortably installed. These buildings, together with furniture for the bungalow, have cost about £3,750. The new bungalow completes Mr. Paul Waterhouse's original design, of which the two other bungalows formed part, thereby restoring the balance and improving very much the general appearance of the place. Besides the living-rooms, it contains an excellent dining-room with kitchen, etc., attached. Furthermore, a comprehensive and up-to-date drainage system has been carried out at a cost of approximately £1,000. The Committee cannot adequately express their gratitude to Mr. Angell for the endless trouble he has taken over these buildings and other works, involving numerous visits and very great attention to detail during the whole of the past year. It is believed that, as a result of his labours and of our own past experience, the new bungalow will turn out to be a great improvement on the old ones; and, as for the Chaplain's cottage, it might well serve as a model, both of planning and of exterior appearance, in these days of house famine.

During the past year, two new patients have been received, both young men, aged 18 and 19 respectively. One patient has died, an old gentleman of 76, who, with his wife, had been living in the Homes for some three years.

"St. Giles' Homes" have now been going for ten years, the first patients having arrived in April, 1914; and during that time nineteen cases in all, five of whom were married men with their wives, have been received, while other patients have been assisted outside. Of the nineteen cases treated in the Homes, only one is believed to have contracted leprosy in the United Kingdom.

Dr. Mossop, who has been Medical Officer for four years, has now retired, and is much missed by both patients and nurses. He was indefatigable in his efforts to help us financially, and in 1922 raised no less than £217

towards the Chaplain's Cottage Fund, and also, with the help of Mr. Ransford, another very good friend of St. Giles, collected the money needed for the purchase of the houseboat and sailing-boat on the River Crouch, to the great benefit and enjoyment of the patients. Dr. Mossop has been succeeded by Dr. Pirrie, whose many acts of kindness have endeared him to all at "St. Giles."

The Committee beg once more to thank Miss Lilian Baylis and all their other kind supporters who have organized entertainments during the past year. They have received £106 11s. 3d. as the proceeds of the performance given by Miss Baylis at "the Old Vic" in December, 1922, £35 from Mr. W. H. Disney in respect of an entertainment at King George's Hall last May, and £18 10s. 10d. from Mr. C. Clifton for one by "The Golliwog Club" at Croydon in July. Through the kindness of Mr. Ransford, who put it up with his own hands, and Captain Round, of the Marconi Company, a fine wireless set has been presented by the Company, which is proving a great source of amusement and recreation to the patients.

The sum received annually in regular subscriptions amounts to less than half the cost of running the Homes, leaving as much as £800 or £900 to be raised every year by special appeal. This additional amount is needed for maintenance alone, leaving nothing whatever for improvements; and this, in spite of the fact that the whole of the nursing and attendance upon the patients is done by voluntary workers, namely the Sisters of St. Giles, who not only receive no payment for their services, but do all their own housework.

In view of the difficulty of finding funds for the annual maintenance of the Homes, it may give rise to a feeling of surprise that so much money should have been spent upon the new buildings.

It must be explained that it was urgently necessary to provide a cottage for the Chaplain, and that applications from lepers anxious to find a resting-place in the Homes had frequently to be refused owing to the lack of accommodation. The Committee felt that these needs were extremely serious. The capital expenditure referred to above has been made possible by the great efforts during the two preceding years to raise money for building, and also by the fact that in 1922 we received a donation of £700 from the United Services Fund, and a legacy of £700 under the will of Miss Land, and that in the two years 1920 and 1921 we were given £800 by the British Red Cross Society. Moreover, nearly £900 was specially subscribed for the Chaplain's Cottage, collected mainly by friends of the late Chaplain, Father George, as a memorial to him.

The Committee announce with much pleasure that His Most Gracious Majesty the King has been pleased to make a donation of £10. They gratefully acknowledge donations of £100 each from the Governments of the Straits Settlements and the Federated Malay States, £125 from the Trustees of the Strathcona Bequest, £200 from the Trustees of the Sherburn Hospital, Durham, and £25 from the Trustees of Ripon Hospital.

As stated in the last Report, £144 had been lent for a year free of interest, towards the cost of the Chaplain's cottage. This sum has now been repaid, with grateful thanks for the timely help thus afforded.

The last Report referred to an anonymous promise of £1,000, to be given under certain conditions, which, with all our efforts, have proved impossible of fulfilment. Sir Otto Beit has now permitted us to make use of his name in an Appeal, and has modified the terms of his offer to our great advantage. He has promised 5s. for every pound collected before the end of July, 1924, apart from regular subscriptions, whether we attain to a certain figure or not, his own limit being £1,000. There are no other conditions: the money can be put to an endowment fund or used otherwise, as the Committee think fit. £5,000 invested would materially lessen the burden of financial strain; but, on the other hand, money is still required for improvements, especially for a road to the new bungalow, badly needed, and for electric light for the patients, to many of whom, with their blindness and crippled hands, oil lamps are a source of danger. Every effort must now be made to raise the full £4,000 (towards which about £1,350 has already been collected) in order to reap the utmost benefit from Sir Otto's most generous offer.

In accordance with the Articles of Association Sir James Du Boulay and Sir William Haynes-Smith retire from office, but, being eligible, offer themselves for re-election.

January, 1924.

POSTSCRIPT.

Since the above Report was written "St. Giles" has suffered an irreparable loss in the death, on the 19th of February, of Sir Malcolm Morris, Chairman since its foundation in 1914.

Sir Malcolm's splendid work in medical science, and the enthusiasm with which he attacked every problem concerning the prevention of disease, have made his name familiar to the British public. What he did for lepers in England is hardly known outside a small circle. It is difficult to imagine how, without his support, this little Company, at that time in the hands of trustees without influence or experience, could have struggled on under the extremely difficult conditions which arose immediately after its formation owing to the outbreak of war.

In spite of more important work he never forgot the wants of St. Giles. His kindness was extraordinary: he was a personal friend of each of the patients, who looked forward to his visits, and were cheered by the mere thought of his coming; and those visits he continued even when he was ill, and hardly able to bear the fatigue of the long journey. Looking at the ten years' history of "St. Giles," one may truly say that its growth from its precarious beginnings, with opposition and difficulties on every side, to its present secured position, is mainly due to Sir Malcolm Morris.
